This document, about the privacy policies of personal data processing by the company Bloop srl, aims to describe the way the company will manage the personal data processing of users and visitors of the website www.bloop-labs.com. Moreover, this is a report issued in accordance with the art. 13 of the Italian Legislative Decree dated 30th June 2003 No. 196 for the users of the services supplied through our website. The report does not apply to any other website that can be reached through our links, of which Bloop srl cannot be held responsible in any way. The information below are also inspired from the Recommendation No. 2/2001 by the European Controllers Group for the protection of personal data, adopted on 17th May 2001 ex art. 29 of the Directive No. 95/46/EC, and are particularly referred to the collection of personal data on the Internet and aim to identify the minimum actions that shall be taken towards the interested subject, in order to ensure that this policy is honest and lawful (as per articles 6, 7, 10 and 11 of the Directive 95/46/EC). The data controller is Bloop srl located in Palazzo Zefiro - EOS Centre, viale Montesi, 5 - 35025 Cartura (PD), Italy. The data will be processed by the company Bloop srl and may be forwarded to other controlled or associated companies.

**Navigation Data**

During their normal operation, the software programs that manage this website acquire some technical data that are an integral part of the Internet transmission. The personal data relates to internet traffic which, due to its nature, cannot be automatically associated to identified users, but by being processed or associated with data held by third parties, it may allow the identification of users/visitors of the website (e.g. IP addresses). These data are used only to have general statistics about how the website is used and to check its operation. Such personal data is stored by the company Bloop srl only for as long as it is necessary and in any case in accordance with the relevant laws in force. Bloop srl will not, or is not able to, identify the people who access its website in any way, unless the users directly supply their data.

**Cookies**

A cookie is a small file that is stored on the hard disk of a computer. Cookies are useful to facilitate the analysis of the traffic on the Web and allow Web applications to send specific information to each single user. No user’s personal data are acquired by the website. Cookies are not used to transfer personal information or to track users. The user can delete the cookies at any time by changing the internet options, but doing so, however, this may reduce the availability of certain parts of the website. The session Cookies used in this website avoid resorting to other computer techniques potentially harmful for the confidentiality of user navigation and do not allow us to gather personal information of users.
DATA PROVIDED BY USERS

The optional, explicit and intentional sending of e-mail messages to the addresses indicated in this website will inevitably result in the acquisition of the user’s address, which is necessary for replying to requests, as well as any other personal data included in the e-mail message. Users are not obliged to provide personal details but a failure to do so could prevent them from obtaining the requested service.

Security of information
All the information collected on the website is saved and stored in secure operating environments with access limited only to authorized personnel. The Website is monitored on a regular basis to check for any violation of security, and to ensure that all the collected information is safe from unauthorized viewing.

ARTICLE 7 OF THE ITALIAN LEGISLATIVE DECREE 196/2003 - RIGHT TO ACCESS PERSONAL DATA AND OTHER RIGHTS:

1. A data subject shall have the right to obtain confirmation as to whether or not personal data concerning him exist, regardless of their being already recorded, and communication of such data in intelligible form.

2. A data subject shall have the right to be informed
   a) of the source of the personal data;
   b) of the purposes and methods of the processing;
   c) of the logic applied to the processing, if the latter is carried out with the help of electronic means;
   d) of the identification data concerning data controller, data processors and the representative designated as per Section 5(2);
   e) of the entities or categories of entity to whom or which the personal data may be communicated and who or which may get to know said data in their capacity as designated representative(s) in the State's territory, data processor(s) or person(s) in charge of the processing.

3. A data subject shall have the right to obtain
   a) updating, rectification or, where interested therein, integration of the data;
   b) erasure, anonymization or blocking of data that have been processed unlawfully, including data whose retention is unnecessary for the purposes for which they have been collected or subsequently processed;
   c) certification to the effect that the operations as per letters a) and b) have been notified, as also related to their contents, to the entities to whom or which the data were communicated or disseminated, unless this requirement proves impossible or involves a manifestly disproportionate effort compared with the right that is to be protected.
4. A data subject shall have the right to object, in whole or in part,

a) on legitimate grounds, to the processing of personal data concerning him/her, even though they are relevant to the purpose of the collection;

b) to the processing of personal data concerning him/her, where it is carried out for the purpose of sending advertising materials or direct selling or else for the performance of market or commercial communication surveys.
